

April 16, 2019

Dear Members,

Met Tran FCU held its Annual Meeting on April 13, 2019, at our new location in the Metro Building. The twenty members present enjoyed kolaches, donuts, fresh fruit, coffee, and orange juice. The business meeting lasted approximately one hour. Ten lucky winners were awarded \$50 each in the door prize drawing. Congratulations to all the winners! We hope to see more members at next year's Annual Meeting.

Two topics were prominent at this year's meeting; the first related to parking options at 1900 Main, and the second related to an onsite ATM. Let me assure you that our Board of Directors has looked at both issues. We are currently reviewing parking options with the Facilities Management Department at Metro. We are looking to allocate 4 parking spots for Met Tran FCU members to utilize while conducting credit union business. Once confirmed, we will work through the logistics of maintaining and policing those spots on a daily basis.

Regarding an onsite ATM, we are looking at installing a through-the-wall ATM in the hall of our new office. This venture will require us to get the appropriate permissions from the various Metro Departments that will be involved in the process. While do not have a specified timeline for the installation, we hope to have the ATM in place by the 4th quarter of 2019, or the first quarter of 2020.

We are excited to be in our new location. Since moving into our new office on March 19th, we have opened approximately fifty new accounts, while only closing three. We have received mostly favorable comments from members about the easier accessibility by being on site.

Our Grand Opening on Monday, April 15th was incredible! We had approximately 250 Metro employees visit our office. We gave away credit union ink pens, flashlights, personal fans, and carry bags. We served cake, punch, popcorn, and candy. There were representatives from Dealer Select, American Income Life, and Vintage Home Loans, three of our vendor/partners. Many of the employees who were not members expressed an interest in joining our credit union family!

Sincerely,

Jeff McGuire
