## DON'T GET CAUGHT UPSIDE DOWN.

In the event of a total loss, your primary insurance carrier covers the value of the vehicle less your deductible, leaving you to pay the remaining outstanding balance on the loan or lease.

GAP may waive the difference between the primary insurance settlement<sup>1</sup> and the outstanding balance on the vehicle as of the date of loss. Ask your dealer or lender about adding this optional waiver coverage to your financing agreement.

*The above graph is for illustration purposes only.*

Without GAP protection, you could be faced with the burden of paying off your loan or lease on a vehicle that you are no longer able to drive.

<sup>1</sup>Refer to your GAP Waiver for additional terms, conditions, limitations, and exclusions.

<sup>2</sup>As determined by your primary insurance carrier or insurance industry standard if there is no primary carrier at time of loss.
